

AERONOVA AIRWAYS

Checked Baggage and Cabin Baggage Policy

Document ID: POL-BAG-2026 | Version: 2.0 | Effective: 2026-01-01 to until superseded | Status: active

Fictional policy created solely for RAG development and evaluation.

1 Scope and precedence

This policy applies to AeroNova operated flights departing on or after 1 January 2026. A booking-specific allowance printed on a confirmed ticket takes precedence over the general table. Codeshare flights operated by another airline require checking the operating carrier rules.

2 Checked baggage by fare

Economy Saver includes one checked bag of up to 20 kg. Economy Flex includes one checked bag of up to 25 kg. Business includes 40 kg total in no more than two bags. No single bag may exceed 32 kg; divide heavier total allowances into multiple bags.

3 Loyalty exceptions

Gold members receive an additional 5 kg of checked baggage on AeroNova operated flights, except on infant tickets and group fares. The extra allowance does not raise the 32 kg limit for a single bag.

4 Cabin baggage

Economy passengers may carry one cabin bag up to 7 kg and one small personal item. Business passengers may carry two cabin bags up to 14 kg combined. Cabin bags must fit within 55 x 38 x 22 cm. A personal item must fit under the seat.

5 Excess baggage

Prepaid excess baggage costs AED 55 per kg on Dubai to London services and AED 35 per kg on Dubai to Mumbai services. Other routes require a fare quote. Excess baggage cannot be assumed accepted until confirmed.

6 Sporting equipment and power banks

Sports equipment counts toward the checked allowance unless an approved special item is listed on the booking. Spare lithium batteries and power banks must remain in cabin baggage and are subject to safety limits. Confirm acceptance with an agent for unusual equipment.
