Flight Disruption Assistance Policy

Document ID: POL-DIS-2026 | Version: 1.0 | Effective: 2026-01-01 to until superseded | Status: active

Fictional policy created solely for RAG development and evaluation.

1 Eligibility

When an AeroNova operated flight is cancelled or substantially delayed and the customer is stranded away from home, staff assess meals, accommodation and transport according to the cause, expected wait and availability. Do not promise a fixed entitlement without checking the journey and applicable law.

2 Overnight accommodation

For an overnight disruption within AeroNova control, AeroNova may arrange a hotel and transport. If no hotel is provided and an agent authorises self-booking, reasonable room and transport expenses may be considered with itemised receipts. The customer should retain the authorisation reference.

3 Exceptions

Accommodation is generally not reimbursed when a suitable hotel and transport were offered and declined without a valid reason. Weather and air-traffic restrictions require an individual assessment; local passenger-rights laws may impose additional obligations.

4 CRM check

A personalised reimbursement answer requires the flight disruption record, cause, accommodation offered, agent authorisation and expenses. If any of these facts is unavailable, describe the rule and ask for the missing details.
